

New album NEW BONE

After the adventure with film music, New Bone enters the theatre stage.

The album „Jazzy Witkacy Theatre” („Teatr Witkacego od-JAZZ-dowo”) is the fruit of a long-term collaboration of musicians from Witkacy Theatre in Zakopane, which at the beginning of 2015 celebrated its 30th anniversary and at the same time the 130th birthday of Stanisław I. Witkiewicz. The ceremony featured New Bone band, presenting the material recorded especially for this occasion with music by Jerzy Chruściński. The album includes motives from such performances, as, among others, „What you Pretend Has Become Real”, „Salem Witches”, „Dr Faustus” and „Ball in the Opera” by the eminent composer of theatre music, arranged by the band in its characteristic atmosphere of contemporary jazz.

New Bone

Polish jazz quintet from, made up of young, prize-winning musicians. They have performed in India, Bulgaria, Russia, Ukraine and Belarus. With their four records they confirmed their position on the Polish jazz market. During their stay in India, New Band went down in history as the first band that performed with live jazz concert in Kashmir!

The band was formed in 1996 with initiative of Tomasz Kudyk, a trumpeter. In 2014 they had decided to make a project that includes entirely and only music of other artists - two eminent Polish composers: **Henryk Wars** and **Bronislaw Kaper**, in modern, jazz arrangements. It is worth noting that the arrangements were created by three outstanding jazz pianists – **Dominik Wania** (the new member of New Bone), **Joachim Mencil** and **Andrzej Jagodziński**. However, the author of the major part of the compositions performed by New Bone, is the band leader Tomasz Kudyk.

Feel welcome to listen and participate in the concerts promoting the album.
